

# Tom Clancy's Rainbow Six Siege

## Chapter 1 by nikkinjg

Oh how I wish you will release on the scheduled release date. I've waited many years to pick back up on rainbow. Rainbow Six Vegas was the last rainbow I played. Rainbow Six Vegas was the first 360 game I owned. I remember the trouble I went through to buy my first 360 and vowed never to buy another xbox again.

Well I'm willing to break that vow and become a mindless zombie playing Rainbow Six Siege. I don't mind spending several hours playing with my online friends. I miss those day, the life of a gamer. Making fried egg sandwiches with turkey and mayo. Drinking beer and screaming watch out because the opposing team stole the package.

Some people just don't understand.. I'm a little older and wiser now so I promise not to curse at the kiddies. I promise to ignore the sexist and racists comments.... Ok I'm lying, but I promise not to be too harsh. And instead of drinking a six pack I'll try to drink more water and have some fruit. I'm ready to get back into the gaming life.. I'm ready!
